

Roxtec Lubricant

Roxtec Lubricant is natural tallow that is used to lubricate the sealing modules, the Roxtec Wedge and the inside of the frame. This provides correct compression and a secure seal. Roxtec Assembly Gel is intended for Roxtec ComPlus, Roxtec ComSeal™ LW, Roxtec ComSeal™, Roxtec ComShelt™, Roxtec EzEntry™ 4 mini, Roxtec C ComShelt™ and Roxtec CRL for easy installation.

Two types of lubricant available depending on solution
